*because U are unique*

## UNIQUE HOTELS 10 YEARS

Unique Hotels celebrates 10th anniversary in December. More than decade ago three men shook hands and decided to do business together. Their mission was to make their guests stay in Estonia as memorable and comfortable as possible. The first hotel was founded in 2003, today known as City Hotel Tallinn. The second hotel was Uniquestay Hotel Tallinn, which was founded in 2004, today known as The von Stackelberg Hotel Tallinn. The third was Uniquestay Mihkli Hotell in 2006, today known as the Kreutzwald Hotel Tallinn.

The biggest challenge has been the Vihula Manor Country Club & Spa. We got this pearl in 2008 and it took four years to get the manor complex fully renovated. And when we were more or less finished with the mission, Vihula Manor Country Club & Spa already had the honor of hosting

conference of the three Baltic Prime Ministers in 2011.

We made the miracle possible – manor's mission was completed in 2012! We did not only carry out the full project, but we also added important features along the line. The aim of the restoration was to preserve the historical heritage of Vihula Manor and protect the estate's surrounding nature as much as possible, while at the same time giving a modern functionality to the buildings and the area.
